

# **DISADVANTAGED BUSINESS DIRECTORY**

## **DBE**

### **FISCAL YEAR 2010**

The Civil Rights Office of the Puerto Rico Highway and Transportation Authority-Department of Transportation and Public Works, through its DBE Federal Highway Administration Supportive Service Program, has prepared a Disadvantaged Business Directory, containing information related to businesses owned and controlled by minorities and women. This Directory will be distributed and used with the intention of relating minority business concern capabilities to the recipient's needs. For all purposes, this Directory is consistent with DOT Regulation 49 CFR, Part 23 & 26. The Directory will consist of a list of contractors, subcontractors, consultants, supplies, equipment, leasing firms, concessionaires and all other related services. It will be available to non-minority, small minority and women controlled business enterprises. Each of our sources provided the best information accessible and we have done our best to reproduce it correctly. The information included is intended for reference only. We sincerely urge all minority firms in the construction and transportation industry, with particular emphasis on those related or doing business with the Department of Transportation (DOT), to employ all efforts in good faith, along with excellent business services, to insure the success of this Directory.
