

**SUPPLEMENTAL SPECIFICATION ON REVISIONS TO
SPECIFICATION 635 – ADJUSTMENT OF FACILITIES OF THE
PUERTO RICO ELECTRIC POWER AUTHORITY**

635-3 CONSTRUCTION REQUIREMENTS

635-3.01 General

Paragraph d. is revised to read as follows:

- d. Any work involving disconnecting existing live lines, connection t live lines, and crossing of or working in close proximity to existing lines shall be performed by PREPA personnel. The Contractor shall pay PREPA for the cost of such work. An allowance in the amount included in the proposal schedule has been allocated by the Authority for these costs. This item is named Allowance for PREPA. Upon the receipt of a certified invoice or other acceptable evidence of payment by the Contactor, the Authority will reimburse the Contractor from the monies included in such allowance. The reimbursement will include the amount paid to PREPA and any additional municipal taxes related to these works. In addition, an amount of eight percent (8%) of the PREPA's invoice amount will be paid to the Contractor for insurances, mark-up, administrative and incidental expenses, profit surcharges and other similar charges.

635-5 BASIS OF PAYMENT

635-5.04 Payment for works under this specification will be made according to the following schedule:

Paragraphs a. and b. are revised to read as follows:

- a. Ninety percent (90%) of the contract unit price for each pay item will be paid after the initial installation is completed and accepted by the Engineer.
- b. The remaining ten percent (10%) due to the Contractor will be paid to the Contractor after the submittal to the Authority of the certification of final acceptance of the works by PREPA.
